To Solve the Grand Challenges in Energy, Environmental and Chemical Engineering,

We Need to Help
Our Future Scientists Learn about…. 

Young-Shin Jun, 2009
Measuring hundreds of samples

Wearing protection equipments can be fun

Elizabeth Godar
High school student

Reading a lot of papers is not bad
Knowing they can create new knowledge

Learning new instruments is serious excitement!

Ryan and Peter: undergraduate students
There is satisfaction after all hard work!

Kathleen, graduate

Dr. Shao, postdoc

After all,
all you can be serious scientists!
